39488 Stevenson Place, Suite 100 FREMONT, CA 94539 (510) 795-2244

CERTIFICATE OF ORIGIN

The undersigned: Boris Sapozhnikov	Issued by: Exporter KMT International, Inc. (Owner or Agent and Company)
For the Seller/Exporter/Manufacturer: KMT International, Inc. Address: 39271 Mission Blvd, Suite 101, Fremont, CA 94539, USA Tel: (510) 713-1400; Fax: (509) 752-0475	

Chamber of Commerce declares that the "MEGAMACS" mobile system used for dilution, extracting of ground deposits in the crude oil storage tanks and also for oil sludge lagoons cleaning is of the United States of America origin and that the statements therein are true and correct to the best of our knowledge based upon the information in our possession.

	DESCRIPTION	Q-ty.
	<i>Mobile systems named as "MegaMacs", which is used for dilution, extracting and processing of ground deposits in the crude oil storage tanks and also for oil sludge lagoons cleaning.</i>	
1	<i>Main process units (Model MegaMACS LWH: 12190x2440x3960mm, Gross weight - 28,200.00 ton. including:</i>	1
1.1.	Semi trailer	1
1.2.	Hydraulic station	1
1.3.	Diesel engine "Caterpillar" C-13	1
1.4.	Main control panel with additional lighting	1
1.5.	Main process tank with heavy phase bottom screw conveyer (Tank has external heat insulation and internal anticorrosion coating)	1
1.6.	Skimmer (light phase) pump	1
1.7.	Heat exchanger with spark arrester furnished with thermo-protective coating	1
1.8.	Knock-out (heavy phase) pump	1
1.9.	Main wash pump	1
1.10.	Screen separator (All screen separator elements that have contact with material- oily sludge made from stainless steel)	1
1.11.	Vacuum pump	1
2	<i>Centrifuge units (LWH: 12190x2440x3960mm, Gross weight - 24,900.00 ton. Including:</i>	1
2.1.	Semi trailer	1
2.2.	Andritz 3 phase centrifuge D-5	1
2.3.	Hydraulic station	1
2.4.	Diesel engine "Caterpillar" C-11	1

2.5.	Main and centrifuge control panels with additional lighting	1
2.6.	Oil and water discharge pumps	2
2.7.	Oil and water collection tanks	2
3	Auxiliary equipment:	
3.1.	Sludge Extractor (Optional)	1
3.2.	Robotic Tank Cannon with control module, device for fixing canon on manhole and two sets of magnetic bases.	1 set
3.3.	Washead with tripod and magnetic bases	3
3.4.	Hand guns	3
3.5.	Process and hydraulic hose package with manifolds (provides system operation within 150 meters (492) foot distance from tanks or sludge storage)	1 set
3.6.	Booster pumps	3
4	System spare parts set, tool set, special devices and additional equipment, including 40-ft used container for transportation and preservation spare parts set, tool set, special devices and additional equipment of system	1 set
5	Technical documentation (passport, operating manual with electrical, hydraulic and process schematics, drawings of high-wear part) in English.	1 set
Auxiliary equipment, system spare parts set, tool set, special devices and additional equipment and technical documentation shipped in a 40-ft containers (Gross weight 9787 kg)		

(Signature of Owner or Agent)

THIS DAY OF December 8, 2009

The Fremont Chamber of Commerce (the "Chamber"), a recognized Chamber of Commerce under the laws of the State of California, certifies that, according to the best of its knowledge and belief, the products named in this documents originated in the United States of America. This certification is made solely in reliance on the exporter's responsibility for the truth or accuracy of any statements contained in the above affidavit or any of the documents mentioned therein, and the Chamber makes no warranty, either expressed or implied, concerning the goods, such affidavit, or any documents relating thereto.
